PALECEK.COM

Dear Customer,

Assembly Bill 2998 requires product shipping to California, Maine, or Rhode Island be free from flame-retardant chemicals. As a result, to process your COM order, we require a letter of compliance from the fabric mill.

When the fabric mill sends the fabric, please have them include a letter with the following:

- Purchase Order Number
- COM Fabric Name and/or Fabric Item Number
- Statement that the fabric does not contain flame-retardant chemicals.

We will not be able to proceed with your order until the letter of compliance from the fabric mill is received.

If the letter is sent separately from the fabric, please send with a copy of your COM form to our mailing address or email to orderentry@palecek.com.

Please contact PALECEK Customer Service if you have any questions.

Thank you for your assistance & continued support.

PALECEK Customer Service
